the Stephen Hawking Impostor by Miles Mathis. First published April 4, 2018. I won this one. I have won a lot of them, but this is the first one where they have pretty much admitted defeat. And the funny thing is, I won it several months ago, but just found out today I became aware

### **A Brief History of Time - Stephen Hawking Chapter 9 ...**

But why should the thermodynamic arrow of time exist at all? Or, in other words, why should the universe be in a state of high order at one end of time, the end that we call the past? Why is it not in a state of complete disorder at all times? After all, this might seem more probable. And why is ...
