Speech. 11p. - ERIC

The study of pauses and other hesitation phenomena in speech production has a long tradition in psycholinguistics and these phenomena have been analysed as evidence to infer processes in language planning and to signal overloading of the production system (Golman-Eisler, 1968, 1972)

Nevertheless, as Garman (1990) observes, speakers need not

Hesitation Phenomena in Spontaneous English Speech

HESITATION PHENOMENA IN ENGLISH conditioning or learning, where a speaker's choice was highly individual and unexpected, on the other hand, speech was hesitant Our own findings point to very much the same general conclusion 23 Lounsbury has discussed hesitation phenomena along highly similar
