University of Miami Law Review

The common law rule is that the husband's presence raises a rebuttable presumption of his direction and coercion. However, it may be shown, so as to render the wife jointly liable, that she acted of her own volition. A fortiori, she is liable if her act, although committed in the presence of her husband, is against his will and com-

Paternity Handbook

Husband's Denial of Paternity form (03PA210E) This form, signed by the husband, states that the husband is not the biological father, removes the husband's name from the birth certificate, and terminates any parental rights that the husband would have to the child. The Husband's Denial of Paternity form must be completed along with the
